Company Profile

Introduction

It is a pleasure to have this opportunity to introduce our company.

IT SOLUTIONS, an Egyptian private owned company, was first Established in May, 2007 with an eye on the IT market in Egypt. IT SOLUTIONS was focusing on supplying various quality products and solutions from different manufacturers.

As it further impacts and drives the effectiveness and efficiency of modern organizations, the choices faced can be vast and confusing. IT SOLUTIONS aims to simplify the choice by offering a range of products and bespoke hardware, software and services which align with our customers' needs.

In few years, IT SOLUTIONS gained its customer confidence and held a suitable market share within large government authorities, educational institutions, and private organizations.

Today IT SOLUTIONS is one of the few companies with the objective of delivering constant quality products and services in the fields of computers and communications. We insist on providing our clients with the best delivery terms possible because we appreciate their precious and valuable time. In addition, we strongly support and guarantee our products to insure a smooth operation.

Introduction

As a result of constant evolution and catering to everyone's product needs, whether they use long-standing technology or are constantly upgrading their systems, IT SOLUTIONS is an authorized dealer for the world's most reputable and reliable brands:

Microsoft

Link-Sys

Toshiba

IBM

Lexmark

3 Com

Sony

Lenova

Seagate

D-Link

Epson

HP/Compaq

Data show
